PLAUSIBLE DENIABILITY

Ahhh... Back in LA for some sunny 75 degree weather.

Friends and associates in Portland are starting to ask what I'm doing down here all the time. They are coming to some strange conclusions and making up some weird scenarios.

So okay, I guess it's time to come clean. It's time to put everyone's curiosity to rest.

You see, I've thought about this for years and years, and it finally felt like the right time to pursue my goal. Ever since I was a young whippersnapper riding my bright red Peugeot 10-speed along the mountain roads of Coos Bay, Oregon, I've had one singular vision. One secret dream. Nothing all that bizarre. I just have been hesitant to talk about it because, well, I'm a private kind of person.

The fact is, I've always wanted to be a female mudwrestler.

So when "Big" Archie Donnelly, President of the Multinational United Dominion of Female Erotic Mudwrestling or MUDFEM, called and offered me the chance late last year, I jumped at it.

It involved a lot of planning and forethought. The plastic surgery. The California residency requirements. The annoying hair extensions. The hormone shots...

But here I am. And I'm having the time of my life!

Sure, I could be back in Portland, taking shots like the ones that crazy Patricia Barrera, co-founder of Portland's Lola Greene Baldwin Foundation, recently leveled at me.

In a story last month in the Portland Tribune she stated: "If Frank is such a talented man, why does he still want to buy and sell women?"

My response: I haven't bought or sold a woman since the 4th grade, dammit!

And then she continued on: "Pimps are the most charming men you'll ever meet. These people are good at

One of my first wrestling bouts against Lolly Poppers, who is known for her illegal moves such as biting nipples... Ouch! That hurt, bitch!

what they do."

My response: Thanks? Although she's never met me.

And then on... "Exotica (sic) Magazine is another story. Pimps and johns depend on that rag."

My response: Then they depend on *Willamette Week*, *The Portland Mercury* and *The Qwest DEX Yellow Pages* as well.

And finally... "I'd rather have my daughter shot in the head in Iraq."

My response: 'Nuff said, lady. Make Mine Marvel.

So, as you can see, I prefer to be down here in LA, apparently exploiting myself and getting more in touch with my feminine side.

Who knows, maybe after awhile I will understand a little more about what Ms. Barrera is talking about from a more female perspective.

But until then, she can just shut it.

And now, like Michael Jackson says, "Just leave me alone." I gotta go buy me some sunglasses. 'Cause like Pat McDonald says, "The future's so bright, I gotta wear shades." X

Katy The Wondergirl says, "It's Spagg-errific!"

Yes indeed, this girl was wild and woolly. *Exotic* doesn't like to show snatch as a matter of taste, but a couple of the other mags are cover to cover pussy. The bushy model stood out like a sore thumb in the midst of all the bald beauties. But was there anyone at the Magic with more than a racing stripe? Nope. Sorry.

There was when I started, however. Miss Mona Superhero didn't tend her hedge. I'll never forget her slipping off her g-string, so sexy, so slow, and then haughtily displaying her incredible bush. It was a black fuckin' forest, you could get lost laying down

there. Her bush was so bushy that we dubbed it the "Superhero," and I've never seen anything like it before or since.

Because I am completely smitten with Mona, I've tried to maintain some semblance of pubic hair for most of my career. Only when I quit and moved to New York did I raze the ranch. I was newly single and figured nobody would be seeing my stuff for a while, so I felt safe. But sure enough the very next night some totally untimid guy wanted to fondle me while walking me home through Brooklyn. He was shocked. "You're...bald!" Then he asked if he could eat me out right there, on the stoop of an upscale brownstone. Not bad for a preppy fucker.

Now it's 2004. I've been bald for three years. The last bush I've seen was at Christmas when my brother screened the eighties porn classic *G-Point*. Where has all the foliage gone? It's a freaking desert out there. So, I've done some snooping around. Go and see for yourselves, readers, the **TOP FIVE BUSHES IN PORTLAND**.

1—Danzine founder Teresa Dulce is still shaking it, and sporting an ever-furrier triangle! She claims it's in the interest of art, that she will be modeling soon in some turn-of-the-century daguerrotype-style photographs. Who cares! It's awesome! Check it out every other Sunday at Mary's Club.

2—Morgan Le Fay at Dino's—impossibly white skin framed by lovely raven locks cascading off her head...and crotch!

3—Rain at the Acropolis. I have yet to see Rain but the boys say she's a red-hot bush baby.

4—Kira at Magic Gardens. Gorgeous red hair, old-fashioned flapper outfits and the cutest smile you ever did see. And bush!

5—Cherry at Exotica. The fluffy little kitty is just the icing on this cake.

HONORABLE MENTION: K.T. Risk at Mary's Club. Although K.T. doesn't sport much pubic hair, she has enough to speak her mind. My personal favorite K.T. topiary was the smiley face—a careful rendering of two eyes and a mouth, out of pubes!

"A Little Piece of Hell in Southeast Portland"

Throughout this great nation's history we have been blessed with leaders whose combination of wisdom and vision have helped propel the United States of America to its rightful place as the most powerful nation in the history of the world. However, not all of our past commanders in chief have been giants in the leadership department, and not all of them have had giant penises. As with everything, greatness in one area does not always coincide with greatness in the school department.

#1—George Washington

Oddly enough it is our first president, George "the Wad" Washington, who cums first in our giant love muscle survey. Also known about town in his earlier years as "George, you know, the guy with the white hair and the giant cock," Washington's cock measured in at forty-two inches. Dubbed a freak of nature, Washington had foregone a lucrative gig with a traveling circus to pursue his more civil servant longings. Reading his eulogy, Washington's beloved wife, our first of first ladies Martha "the Cave" Washington, reportedly said the following to her husband's body as it lay in state at our

"Which of our presidents found themselves sitting in the lead chairs of the skin-flute orchestra?"

nation's capital, "What's that, an extra casket or are you just glad to see me?"

Several of our most revered presidents were indeed hung like donkeys, but a couple of the more inept losers were also enormous and knew their way around the meat department. Which of our presidents found themselves sitting in the lead chairs of the the skin flute orchestra? The truth might surprise you. They might not all go down in history as great leaders, but by virtue of their enormous cocks they have guaranteed themselves a potent place in our nation's past.

by Dave Elliott

As with any man reaching his golden years there is to be expected a certain amount of shrinkage of the man meat. In order to maintain some measure of fairness, forensic scientists at the Smithsonian Institute measured what the actual size would have been at age thirty-five and duplicated each presidential meat stick in Teflon. All dicks were measured in the "flaccid" state as there is a deviation in skin stretchability from prick to prick.

#2—Abraham Lincoln

Lincoln was known for his tall tales concerning his humongous dong, but it was still only second best. Though he often said that "Yeah Old George may have licked me in the girth department, but he can't touch my length," this was more a combination of youthful boasting and optical illusion. While Washington's greatness of girth coupled with his impressive length gave his dick the appearance of stubbornness, Lincoln's eel-like pocket weasel may have appeared longer, but actually measured in at twenty seven and three-quarters inches. Though woefully short of Washington's, it was and is still a presidential prick any patriot would be proud of.

#3—Richard Nixon

While there are many who feel that Nixon may have been the biggest prick of all the presidents, his cock itself fell a little short of that honor. Richard "they don't call me DICK for nothing" Nixon does come in a surprising third place among the giant cocks of the oval office. It is rumored that this chief of staff actually secretly recorded his own penis as it underwent its metamorphosis from softy to chubby. An impressive twenty two and one-half inches, Nixon's hand puppet was said to only become tumescent when he was looking at mug shots of the Black Panthers he had falsely imprisoned or re-runs of his favorite TV show *My Mother the Car*.

After being asked how he felt about resigning in disgrace from the highest office in the country, Nixon casually replied, "At least I have a giant cock."

#4—Theodore Roosevelt

Teddy's nickname, "rough rider," had little to do with his wartime exploits. He in fact invented the first "studded" condom by adhering shucked acorns to cow intestines. It is a well known fact that while on safari in the then Belgian Congo, his penis was almost severed by a myopic pygmy who had mistaken the presidential private for a dreaded hooded cobra. Thanks to a good eye and catlike reflexes, Ted's cock dove right and he blew the little cut-up's head off with

#5—Andrew Johnson

Coming in fifth place in our presidential pricks survey is none other than Mr. Johnson himself. A somewhat bizarre man, and also our shortest president at four ft. seven, he more than made up for his diminutive stature with seventeen and three-quarters inches of man snake. Given his proclivity for cheap French whores, many believed Johnson's largess might be from swelling attributed to a series of bouts with gonorrhea (which Johnson adamantly denied). Although his anal warts are a matter of record, any suggestions of a

burning penis during urination at his inauguration are hearsay.

Even though he faced the first impeachment of a sitting president, Johnson was proud of his accomplishments and proud of his cock. More than a handful of cheap French whores have attested to the fact that before any coital

encounter, Johnson would take out his Cajun sausage and say in an introductory sort of way, "Madam, Mr. Johnson." X

his elephant gun. With the expertise of the best taxidermists in the world, the native's head was restored and hangs on the wall at Roosevelt's home in Oyster Bay, New York, next to a gazelle and a baby water buffalo. Roosevelt's last wish was that his penis, nineteen inches even, also be stuffed and hung alongside another of his prized big game trophies, a mountain gorilla with balls the size of cantaloupes.

HONORABLE MENTIONS

John F. Kennedy

Though average in size, Kennedy's knob was by far the most polished of all the presidents'.

William Howard Taft

President Taft has the unique distinction of being not just the only sitting president, but the

only human being known to have ten testicles, which he fondly referred to as his "tenacles."

George W. Bush

Bush is the only president in the history of the United States whose brain is as small as his two-inch penis.

Editor's Note: What is the plural of penis? You might be surprised. Even Jim Goad—a famous published writer and spelling snob—didn't know that penes and penises are the two sanctioned spellings. He thought it was "peni." He thought wrong.

Exotic Votes on the Top Five Portland Strip Clubs

We get around here at *Exotic*. Whether hustling for ads, hustling for table dances, or hustling for stripper snatch, we all spend a lot of time in the local strip clubs. Lucky us, right? So we've taken a vote of our favorites. Each staffer was asked to pick his/her top five. A first choice club got five points, a fifth choice got one point. For criteria we used hot strippers, great music and where we're most comfortable hanging out and having a good time. A mega list was compiled and each club was given a point rating. We were only sorta surprised by the results. [Except for Frank, who upon hearing the winner was Devil's Point wanted us to fudge the results! Sorry, boss, I'm not that kind of girl. -V]

Everyone looks for something different in a titty bar, so we invite you to put your two cents in and vote online at xmag.com Also, Exotica II hadn't opened when votes were taken and tabulated. IT RULES!

#1—DEVILS POINT

With 21 points, Devils Point narrowly edged out Magic Gardens in the last of the voting. They say you can tell whether or not you like a bar's owner when you first set foot in his bar. Obviously we at *Exotic* like our boss, who opened Devils Point just over a year ago. Hailed as "Dante's East," this den of delight is dark and red and features a full bar & awesome dancers—including the Porcelain Twins and Suicide Girls—doing often times unique choreographed sets to a great soundtrack. You never know what you might see here, from surprisingly good stand-up comedy to bizarre burlesque to the can't-beat-it good ol' bump'n'grind.

#2—MAGIC GARDENS

19 points. Maybe we love it cuz it's so darn close to our offices, but there are many reasons why Chinatown's old standby made the list. Magic has gained a reputation from coast to coast for "cinematically hot strippers who are the best DJs in the country."

The drinks are cheap, even the pool table sports great views and the bartenders are the friendliest in town. Visiting rock royalty like Lemmy Kilmister and Ryan Adams always wind up here, mingling with the cool kids and hot hipsters who make Magic the place to be seen downtown.

#3—ACROPOLIS

17 points. With three stages of the hottest strippers and some of the best (and cheapest) steaks in town, this club is on every best-of list, including *Willamette Week's* Dining Guide. Nice salad bar, too.

#4—EXOTICA

13 points. Extreme glamour and a smorgasbord of hot broads are Exotica's claims to fame.

#5—SASSY'S, CLUB 205 (tie)

10 points. The yin and yang of Portland strip clubs are represented in this tie. Sassy's is the quintessential small rock'n'roll strip bar, welcoming and hip. Club 205 is a cavernous glitzy emporium of boobs, super style and very glamorous. Both have incredibly hot chicks.

FEBRUARY 2004 NEWSLETTER

January was excellent for Oregon ACE – our President, Claude DaCorsi was among those invited to an OLCC Business Partners Summit all day January 14.

Among the developments:

1. The OLCC is now willing to listen to criticisms of its practices, from those who suffer from them first hand. (The jury is still out on whether that listening will turn in to improvements.)
2. The OLCC has not just irritated and perplexed the adult industry – the meeting featured all manner of OLCC licensees who are equally pissed off at a variety of OLCC enforcement and compliance practices. The list of grievances would exceed our available space.
3. OLCC director Teresa Kaiser is clearly committed to improving relations with licensees, and seems to be bringing her senior staff along with her. Regulatory director Linda Ignowski was particularly polite, professional, and open to hearing the concerns being voiced – a very good sign. Only time will tell if the new and improved OLCC is really new or improved.

But we should know soon – by the time you read this, ACE have met with select OLCC staff to go over adult-industry specific enforcement issues. We are insisting that it should be black-and-white as to what an adult entertainer can and cannot do in an OLCC licensed venue – no more tickets for behavior you were told was acceptable. (Big thanks to Mystique Knight for volunteering to be an ACE representative at this crucial meeting.)

We should have something to talk about at the February ACE meeting – don't miss it! We'll give you a full update. ACE members will get a written summary of the results, so join today.

Fundraising – Our first ACE fundraiser of 2004 will likely be at Dante's on a Tuesday night in late February or early March. Then look for a series of monthly (or more frequent) events. Want to host one at your club? You give ACE the door, and ACE will promote the event, books acts, and pack the place. Your increased bar and food revenue will more than offset the door fee you give to ACE, plus that gift is a tax deductible contribution to your trade association (check with your tax advisor to be certain). These fundraisers help pay the ACE lawyers who keep us all in business.

BONUS: the first fundraiser will have a Voter Registration and Information table, and we'll be inviting candidates and their campaigns. Find out which candidates are supportive of free expression and the free market, and be sure to vote for the ones that support your right to enjoy – or make a living in – a safe, legal adult industry.

Dues – All ACE members, your annual dues are due. You now have the option to pay in monthly installments – contact us at or.ace@verizon.net to set this up, and we'll bill you each month. Your membership entitles you to incredible discounts on the products and services you're buying anyway – you'll save far more than your dues payments cost!

Come to the next ACE meeting on February 10th at 4 pm.

ADVICE FROM DEMI MOORE

Here comes Valentine's Day, the most insulting advertising blitz since Christmas. A day when, once again, love, kindness and loyalty

mean nothing if they aren't backed up with proof. Candy, flowers and diamonds, (and cars and puppies and cellphone cameras) are just the kind of concrete proof you need to save face with your other every February. It seems the bigger the ticket of said item, the more real and true your love becomes. And if you're single, you're an even bigger loser than you were at New Year's with no date.

Where does this guilt-ridden tradition come from? Who was St. Valentine and what's his day really about?

It seems around the third century in Rome, Claudius II was in charge. Also called Claudius The Cruel, this emperor decided that love and marriage were for fags, and if he was going to succeed with his bloodthirsty reign, he needed a huge army. But the boys weren't so ready to die for the cause if they had a family, or at least steady pussy at home. So Claudius outlawed marriage and decreed that every swinging dick was to remain single. Hooking up became punishable by death.

Valentine, who was a priest under Claudius at the time, was outraged by this and rebelled against the law. He held secret wedding ceremonies by candlelight, with the bride and groom whispering their vows, all the while keeping an ear open for soldiers.

ROMAN HOLIDAY

Of course, as in all romantic tales, he was busted and sentenced to death by stoning. The execution was scheduled for February 14th, the date symbolic because the Feast of Lupercalia kicked off on that day (Lupercalia was a spring fertility bash that, like all Roman parties, usually ended in a wine-soaked orgy).

While in jail awaiting execution, he supposedly fell in love with the young daughter of the jail keeper. This was Rome, however, and Valentine was a Catholic priest, so the sweet young thing was more than likely a little boy. The day he was sent to be stoned (and beheaded for good measure) he wrote a little note to the child and signed it, "Love, your Valentine." On February 14th, 269 A.D., St. Valentine was martyred and Valentine's Day was born. A romantic and heroic tale with no mention of DVD players, cars or ipods.

So how does the modern guy or gal get hip to the real sentiment of V.D.? After further investigation into ancient Rome, from whence the Valentine's Day thing started, here's the REAL way to go Roman. Gather all your friends and neighbors and do the following:

1. If you're a single girl, you need to write your name on a piece of paper and toss it in an urn. Then all the single boys line up to randomly pick names from the urn. The girl that he chooses has to fuck him that night and up to a year afterwards.
2. Since we're talking about Rome, anal sex is definitely required.
3. Sacrifice a goat and a dog.
4. Slap all eligible females (preferably virgins) with strips of goat hide soaked with blood. (Maybe I'm weird, but that totally makes me wanna party.)
5. Most importantly, you must be ready to die for love. Forget all that sentimental phony bologna lace doily romance crap. Skip the Godiva and lies about forever. Nothing says "I love you" like a really nasty and tragic death. Fuck you, DeBeers.

WHAT'Z CRACKIN'?

The entertainment industry and those in it never cease to amaze me. In this month's article, I'll fill you in on some of the latest shit that's going down. One of Portland's hottest DJs makes a guest appearance on BET's *Rap City the Basement*, while on the other hand one of the industry's hottest rappers has a court appearance and gets a six-year sentence. Put somethin' in the wind and kick it with me for a minute...

First Up—My Crazy New Year's Eve

It started out real cool, but little did I know what the rest of the night had in store for me. How it all happened, I still can't call it, but this is what went down. I was sippin' on some Hennessy at the house while my peeps were getting ready. It was my ex-girl, my homegirl, my girl, and their drunk-ass friend. It was 11:15pm New Year's Eve, and we were running late to the club. The girls refused to let their homegirl go out looking the way she did, so they quickly gave her sparked ass a makeover. We finally got to the club and ordered some drinks. It was a quarter to twelve and out of nowhere, a big-ass fight broke out. "Damn ain't this a bitch!" The DJ stopped the music and turned on all the lights. The security was doing the best they could to defuse the situation, but it was now 11:55pm and nobody was paying any attention to the time. I told the DJ to put on a cut to at least get people back in the mood. My girl came running up saying, "Baby it's one minute 'til midnight." *Oh, shit, it is!* I then told my partna DJ Chill to count it down since he was on the mic. Chill said, "Man you do the honors." So I counted it down in the nick of time and the party went on. To top it off, the drunk chick that was

rolling with us tried to pickpocket me. Can you say, "Dumb Bitch?" Anyway, happy 2004, y'all...

Next Up—DJ O.G. One Hits BET

While on the way home from a studio session, my homegirl Precious informed me that my homie **O.G. One** was going to be on BET with Big Tig in the *Basement*. He was on the show for two days in a row and represented Portland quite well. It was real good to see

that someone who works as hard as him got the chance to get some national exposure. O.G. looked like he was right at home as he mixed some hot jointz during both the shows. He even provided the instrumentals for the freestyle session in the booth, with Big Tig and Memphis Bleek. Keep up the good work, dogg, and make sure y'all check him out at a club near you... One!

National News— Mystikal Gets 6 Years in Prison

Can you say "Daaamn, Homie?" It's really a shame to see another hip-hop superstar go out like that, but this cat was guilty as hell. Michael Tyler aka Mystikal was recently sentenced to serve six years in prison for sexual battery. Mystikal and two of his bodyguards forced his hairstylist to have what the judge called "continuous sex acts." He was originally facing a ten-year bid but plea-bargained for six. The victim said that the three of them forced her to have sex with them after they accused her of stealing \$80,000 worth of Mystikal's checks. The turning point in this case was that the judge saw a videotape of the incident and ruled that it was not consensual. He said that the victim was terrorized. Each of them took turns filming each other with the woman. They reportedly were upset that the tape was used as evidence. Why would someone be that fucking stupid to film some shit like that, and then try to get mad about it being used against them? One of his boys got three years, and the other received a four-year sentence. What the fuck were they thinking?

Next Month

I'll be once again featuring various honeys throughout the city in my Honey of the Month column. If you or someone you know deserves to be the next honey, email me and let me know. Reach me at whatzcrackin_J@hotmail.com Until next month, y'all keep it crackin'!!!

TOP 5 LISTS

I am not a list-maker by nature, nor am I a listman nor a peddler or purveyor of lists. It would be fair to say that for most of my life, I have been fairly listless. So when the noble editrix of this fair publication asked me for a contribution to this "Top 5" issue, my thoughts turned inward, as they are often wont to do when I am left unsupervised. Rapidly approaching senility, I realize it's time to take stock of my years alive on this ball of clay. Therefore, without further ado, without much fuss, and without even apologizing for turning this in way past deadline because I've spent the past nine weeks constantly engaged in sexual intercourse with a small, witchlike woman, I present five tiny time capsules for you to swallow—five lists of the five most important things to me at five crucial intervals in my life.

Age 2

1. Picking Boogers

This instant nasal catharsis is still a guilty pleasure, but back when I was two, my bedroom wall was smeared with my gooey bloody prize catches.

2. Shelter

Because I was still too young to rent my own apartment.

3. Gerber Strained Bananas with Apples and Pears

Smooth, sweet, and comforting, this King of Baby Foods tickled my youthful palate and quelled my fevered brain.

4. My Dog

He gave me love without guilt-tripping me. Can you say the same thing about the love you give me?

5. A Nice Bowel Movement

Life's primary joy, one which has often been denied me for Lo, these many years.

Age 12

1. Tits

Having been bottle-fed by a cold mother, my restless spirit sought solace in a luscious set of mams...any mams.

2. Drugs

I didn't even want to try them until you kept telling me I couldn't.

3. The Devil

Because God had proven to be a bitter, insecure jackass. Plus, the Devil could procure tits and drugs for me.

4. Running Away

Because being at home was no fun...no fun at all.

5. The 1930s

Simply because it was the 1970s.

Age 22

1. Cosmetic Surgery

I foolishly believed everything wrong with me was only skin-deep.

2. Depression

I romanticized my misery and convinced myself it was a virtue.

3. Love

Because I'd never had it and figured it was something I should try.

4. The 1950s

Simply because it was the 1980s.

5. The City

Because I somehow felt that crime, racial strife, congestion, and high prices made a person more creative.

Age 32

1. Violence

Because I was married and thus had lost all interest in sex.

2. Hatred

Because I was married and had thus grown disillusioned with love.

3. Guns

Because shooting a 9mm Glock had become my surrogate orgasm.

4. Justice

Because I was still dumb and angry enough to believe it was possible.

5. The Country

Because after living in Philly, NYC, and LA my whole life, it occurred to me that there was nothing cool about the city.

Age 42

1. Pussy

The one thing I like about women.

2. Money

Because I deserve it more than you do.

3. Excitement

The middle-aged version of danger.

4. My Dog

The sweetest creature alive; the only living being over whom I'd be willing to throw punches.

5. A Nice Bowel Movement

Preferably over the next few weeks.

Another Lonely Night

With Flagstone Walker

Considering that in any given year, pornland churns out about one porn for every man, woman and child on Earth, I'm certain to have missed a few sure-fire winners. Yet the following five top-of-the-pops inexorably made their way through the

chaos of time and space to my lonely TV, and that's saying something.

ONE—PIMPIN' 101 Fatt Entertainment

Decked out in an array of high end pimp gear, including a purple Versace suit, Ice-T takes top honors for *PIMPIN' 101*. The star rapper offers up a beginner's guide on how to be a player in the game, control the "bitches" and target the marks. Before hitting the big time, Ice-T was a street pimp. He doesn't say much about his street cred running girls, nor does he dip his stick into any of the porn queens portraying hookers in *Pimpin' 101*. But we get a glimpse of

The Life accompanied by the main draw—a soundtrack with the title song and a batch of tracks by other artists. A great contribution to porn, the game from a player who went on to hit it big.

TWO—CAMPUS INVASION Shane's World

Coming in a very close second, *CAMPUS INVASION* was '03s finest marketing scam. The porn crew breezed onto Indiana University's campus and treated a few students to blow jobs in a dormitory. Most of the porn party scenes involved contests between students eating pussy and animal house horseplay with frat rats chugging beer and hooting and hollering "get that nooky," "hit the bull's-

eye" and "bite her ass." Bill O'Reilly devoted lots of air time fulminating against porn shot on campus in three different segments over a couple of weeks. That no doubt sent the sales of this DVD soaring. One IU student, called Party Bob, clues us in on campus priorities. He throws his head back in a state of ecstasy while getting a knob job and says, "Fuck class. All they do is talk all day long."

THREE—FORCED ENTRY Extreme Associates

Lizzy Borden's bash & slash *FORCED ENTRY* set a new standard in the galaxy of fatal rottenness. Porn-dude Luciano plays a serial killer who overpowers Jewel De'Nyle, rapes her, pisses on her face and suffocates her with a plastic bag. Next up Taylor St. Claire plays a pregnant girl who gets her stomach beaten in by Luciano and one of his gang buddies, the deranged Mickey G, both of the killers apparently figuring zero population growth is justified by any means necessary. The third scene, the climax so to speak, features Veronica Caine getting cut up with a knife and left in a pool of blood. A PBS crew working on a *Frontline* documentary, *American Porn*, visited Borden's set when she was filming the climax. The crew was so appalled by the "gutting" of Veronica they walked off the set. More to the point, they filmed themselves taking a powder which gave their documentary a load of authentic disgust and generated great publicity for *Forced Entry*, which has now sold over 30,000 copies. It was also among five DVD's listed on a search warrant when 47 Federal marshals and postal inspectors from Pittsburgh blew out to porn valley last summer and raided Extreme Associates.

FOUR—TOE TALES #73 Gotham Gold

Most of the toe sucking DVD's are pretty similar, but Gotham Gold leads the pack with a lengthy on-going series. I don't imagine many Top Five or Top Ten porn lists would include a footsie DVD, but on Flagstone's lonely nights he frequently dreams of tasty toes. So the fourth spot goes to *TOE TALES #73*, which features the soft soles and tender toes of Angelique and Barbie Brooks being devoured by foot slaves. Rave on, foot lusters.

FIVE—WEAPONS OF ASS DESTRUCTION Jules Jordan

I include *WEAPONS OF ASS DESTRUCTION* for one reason: it was one of the few DVD's last year to play off the war in Iraq. Actually, not much of a play except for the title, but at least Jordan made the effort. The porn potential in Saddam Hussein is huge and, so far, squandered. Maybe in 2004.
