## NO ONE IN THEIR RIGHT MIND WOULD ARGUE

that the idea of anonymous high-risk sex with a total stranger isn't exciting. EVERYONE knows it's exciting.

There is something undeniably appealing about impulsive rutting unburdened by the dreaded word "relationship" and all the torture/drudgery it implies. The one-night-stand, at least for one night, frees the captive blackbird from his dirty cage. With the implicitly fleeting nature of such a genital tête-à-tête, there is no emotional melodrama, no annoying teardrops, no wide-eyed recriminations. You both know why you're there, and you don't give a fuck about their soul, their dreams, their interests, or EVER meeting their parents. A one-night stand is something that only "cool guys" get to enjoy—mobster guys in blue sharkskin suits with big hairy dicks and padded expense accounts.

So I'm not arguing that one-night-stands don't seem exciting and cool. They seem PLENTY

cool. But I can count at least two dozen such incidents in my life, and for me the sex was only decent—not great, mind you, and certainly not artery-blowing—in only two of them. And I'd reckon ALL these girls would say I'm a lousy lay, if I even made it to the point of insertion. Instead of the intrigue and heated embraces you read about in those dime-store novels, I left a slug's trail of prematurely blown wads and sad, stony impotence.

There is nothing inherently wrong with the one-night stand until you enter ME into the equation. I am a paranoid part-time sociopath who walks around inside prison walls made of flesh. I am petrifyingly nervous around new sexual partners, and I only start to warm up with someone after a half-dozen or so encounters with them. So these unlucky dames never got to taste the true glories of physical intimacy with me. I present these stories, highlights of ten one-night encounters, merely for your amusement.

As the dark, salty Atlantic waves crashed nearby, I learned a surprising and invaluable trick to ensure a woman will fuck you: Act like you don't care whether she fucks you! I laughed to myself while working this maneuver on a dumb-but-nice blonde girl I met at a bar one summer night in Wildwood, New Jersey. We were both drunk, and during our slobbery make-out session in the parking lot, she expressed some shy hesitation about walking under the boardwalk and "going all the way" with me. A few aloof shrugs and "sex-isn't-important" on my part, and we were 69'ing in the dark sand. While walking 'neath the boardwalk, I crunched my head on a concrete beam and was bleeding, but I didn't want to tell her and "ruin the mood." I also didn't inform Blondie I'd shot my wad all over my leg about two seconds after we undressed. While I lapped away at her downy vagina and tried to hide the white fluid on my leg and the red one on my forehead, she kept blaming herself for failing to get me hard.

A butch girl I knew from college who vaguely resembled Mickey Dolenz of rock combo The Monkees. She had a very hairy pussy and dark brown circles under her eyes that made them look as if they were poking out of an unwiped anus. It was my last night in Philly before moving to New York, so we rented a hotel room and decided to "go for it." Amid a flood of hotel-room artificial light, I suffered humiliating shrunken erectile dysfunction all night long, peppered with her repeated question, "What's wrong with you?"

After ten years of marital fidelity, I decided it was high time I cheated on my wife. Met a very large young girl with rosy cheeks at a local bar. I hoisted her into a cab and pointed the driver toward the nearest hotel. During our post-coital pillow talk, she spoke openly of how her boyfriend had mistreated her. This, naturally, hastened my arousal. I fucked her again, for a grand total of one minute's worth of fucking.

She had a bald eagle's pointed face, yellow buck teeth, thinning brown hair, and drove a semi truck for a living. Can you say, "Boner Mountain?" She mounted me on top and had some seriously strong hip thrust action—that is, for the five

or so seconds it took me before reaching climax. When she broke the tense, silent “afterglow” portion of our evening with laughter, I asked if she was laughing at my performance, but she denied it. I gave her a friend’s phone number and told her it was mine.

♥ The fattest girl I’ve ever fucked. Possibly the fattest girl anyone has ever fucked. But with her giant pelican nose and utter lack of charm or intelligence, she would have been hideous without even a droplet of blubber. When she took off her clothes, it was like pulling the string on an emergency life raft—she instantly ballooned up to twice the size. When I climbed atop her bulk, it was like laying on a jiggly waterbed. I nearly got seasick. I had serious difficulty finding her vagina. Once the evil portal was located, I squirted a tiny raindrop of cum within a nanosecond. During our unforgettable night of rapture and ecstasy, she warned me that she didn’t want to become “just another one-night stand.” After I’d successfully avoided her for weeks, she confronted me at a bar and reminded me of her warning. I felt afraid, but in the end, she became just another one-night stand.

♥ A highly intelligent pharmacist with monster boobs I met in San Francisco while touring. She fed me pharmaceuticals and allowed me to enter her “special place” four times. She was on the rag at the time, and I felt like a ruthless conqueror as I roamed around her apartment naked, my bloody cock dangling in front of her face while she talked to her live-in boyfriend over the phone.

♥ It was a blazing Portland summer night where the orange moon was so big, it spanned Burnside and got clipped on both sides by the buildings. I dragged a freckly, frizzed-out thing from Dante’s upstairs into the infamous *Exotic* back room and let the frosty air conditioner roar. When I leaned in to orally pleasure her, I caught a sharply unpleasant whiff of something. The moment my tongue touched down upon her teeny pink pinto bean, she uttered the word “shit.” She meant to say, “Shit—that feels good,” rather than “Shit—that’s what you smell,” but I couldn’t help making the connection.

♥ A libertarian political candidate with frightfully large melon breasts. I performed cunnilingus on her curvaceous frame while reclining in my girlfriend’s bed. (She was away on vacation.) I rapidly came inside my tighty-whiteys and didn’t tell her. Instead, I kept my underwear on, then lied and told her I like to eat pussy all night.

♥ In sociological terms, this is the most interesting of my one-night stands. It was a few years ago at 4AM, and I’d recently arrived back to my tiny apartment from a marathon magazine-deadline session. Exhausted, I’d taken my shoes off and was wandering around clad in my windbreaker, white socks, and a white mustache from a late-night vanilla protein shake—in short, I was looking SEXY. A knock came on the door. It was a black stripper who lived in my building. She was obviously smashed. “Can I come in?” she slurred. *Um, sure.* “So,” she said happily, tearing off her clothes to reveal a pair of mammoth coconuts, “I hear you’re a Nazi.” *No, well, that’s not true.* It didn’t matter if it was or wasn’t. She was already naked and in my bed. Things transpired that evening, my friends, which would permanently disqualify me from membership in several top-flight white-supremacist organizations. In the morning, she smelled like garbage. I don’t mean she smelled foul—she smelled precisely like a sodden brown bag filled with orange peels and coffee grounds that had been left out too long in the sun. I’m not implying it had anything to do with her blackness, only that she smelled like garbage in the morning. You didn’t smell what I smelled, so you’re in no position to judge.

♥ I can’t even tell you about this one. It’s too dangerous. Like, on my skin. Her old man would kill me, and it wouldn’t be the first time he did something like that. Lifelong insufflation of crystallized stimulants made his wife look twice her age. In my defense, I will say that no man on earth has ever been able to resist the “I’m in town and would love to fuck you” pitch.

"Nothing but the naked truth"

November 2006

**T**ime to get wet, Portland. Winter is just around the corner, and soon the rain will be washing your asses off the streets in search of shelter. Thank God the Rose City has such comfortable digs in which to dry off. Who needs sunshine when you can have so much more fun beneath the black lights of your favorite Strip Club as you enjoy a table dance from the girl of your wet dreams? So let's see what we have in store for you this month.

At **Aces High**, Nigel Jourdain's "Hot in the City" Model Search is going down on Saturday, Nov. 18th from 4pm-9pm. Wannabe male and female models (no experience required) should come dressed to the nines and be ready to get your sexy asses in front of the camera. Models for all types of media are being sought, and there will be many photographers onsite. Come enjoy the music and a catered feast while trying to make your mark on the world of the Supermodel.

Thanks to **Bliss** and all the sponsors of the 2006 Burlesque Entertainer of the Year. The contest provided pure entertainment for a packed house, proving once again that Portland has some of the best performers around, not just your average strippers. Capturing the title was **Germany** of **Devil's Point** with her astounding "Fire Goddess" show. While the entire competition was closely contested, second and third place were particularly close with **Ainé** (also of the Acropolis) narrowly edging out "Miss Nude Oregon 2005" **Athena's** vintage burlesque show with an amazingly acrobatic performance reminiscent of Cirque du Soleil, which left the audience captivated.

This month, **The Dolphin** clubs will proudly be presenting "Bedtime Stories Extraordinaire," featuring boudoir theme shows every Thursday night.

And don't miss out on a free turkey dinner from 6pm-9pm on Thanksgiving. Celebrate Thanksgiving weekend **Cabaret**-style at both Cabaret locations where you can kick it off with free admission on Thanksgiving Day, Thursday, Nov. 23rd.

**The Dancin' Bare** will be hosting an "All Girl Dance Revue" on Saturday, Nov. 18th @ 8pm, boasting a hefty prize of \$500

for the best performance. Be sure to stop by **DV8** for **Blaze's** Birthday Bash on Saturday, Nov. 18th @ 9pm where you can try your luck at guessing her age and enter to win \$100. (Hmmm, I still have a copy of her driver's license on that model release...are *Exotic* employees eligible?)

**Exotica** wants you to know that they will be open @ 4pm on Thanksgiving Day. If pumpkin pie isn't your thing, perhaps you'd rather enjoy their lovely ladies for dessert instead. **Jody's** is dialed in with the NFL Sunday Ticket on Sundays and *Exotic* Covergirl **Rachel** on Monday's for Crazy Larry's Monday Night Football, plus a free Thanksgiving buffet on Thursday, Nov. 23rd.

Saving up for the holidays? Well, how about stopping by **The Pallas**, where all well drinks are \$2.50 all day, every day? On the Southeast side, stop by **Soobie's**, where every Sunday is Dancer's Industry Night, with manager's specials for all dancers.

Meanwhile at the all-new **Sin Club**, check out the "Seven Deadly Sins" every day of the week, with lots of specials for the ladies and a brand-new dance floor (open until 6am on Friday and Saturday).

**Stars Beaverton** is gonna show you how hot it can be to be so cold at their "Sub Zero—The Party" on Saturday, Nov. 18th, featuring a one-ton ice-carved martini bar and shot luge, snowball fights, plus chilling competitions with prize giveaways and thirty of the hottest snow bunnies you'll ever see!

Congratulations to **Malice** of **Sassy's**, **Devil's Point**, and **Union Jacks** for scoring the coveted "Barfly's Sexiest Stripper of the Year" award. Kudos also to runners-up **Kat** from **Mary's Club**, **Stormy** of **Devil's Point**, and **Viva Las Vegas** of **Mary's Club**.

Word on the street is that **Bliss** is now under new management and will be undergoing a big \$\$\$ remodel to become **Myst**. This will not be a strip club, but rather an upscale entertainment experience offering fine dining and a new-age, Las Vegas-style burlesque show. Think you can prove you're entertainers, ladies? Features here are paid for their performances, not tips only! Be sure to keep an eye out for *Exotic* events at **Myst** in upcoming months.

One of our all-new columns starting this month, "In Search of El Diablo," is just one of the many things to explode from the mind of **Star's Salem's Rod Black**. Next up from the promotional mastermind is "Mr. Black Presents: The Capitol City Cage Fights" on Saturday, Nov. 4th @ Salem Armory, The Triple Bill Concert Series on Wednesday, Nov. 15th-Friday Nov. 17th @ Stars Salen

and the Super Battle of the Bands and Babes on Wednesday, Nov. 15th @ Rock N Roll Pizza.

Start shopping now for the holidays and give the gift of porn, where at any of the "Adult Shops" locations you can get yourself a free DVD with the purchase of \$50 gift card. While over at **B.A. Video**, they've got you covered with Christmas gifts for cheap people, featuring DVDs starting @ \$5.

See ya next month.

**What up, baby boyz and girlz? It's that time again, and man, there were some hot shows jumpin' off last month. I'll be given y'all the rundown on those, as well as puttin' you up on other events and functions crackin' around the town. I also got to another fly Honey of the Month for your eyeball enjoyment. Plus make sure to check out my "DJ Spotlight" and who it's shining on this month.**

# whatz crackin'?

by j.mack

## First Up... "Mr. Method Man Did it Big Man"

If you weren't at this show, which took place at the Roseland Theater last month, you missed one of the

most energetic hip-hop performances to ever grace the stage in Portland. This cat threw down nonstop and took time out to puff-puff-pass with the crowd. He performed some of his new joints on his newly released album *4:21...The Day After*, as well as some of his old-school classics. One of the highlights of the show came when this cat started diving into the crowd. He did it about five or six times in a row, and on the last one, he did something that I have never seen done before. While Method Man was laying on top of the crowd of screamin' fans, he somehow managed to

raise to his feet while they were still holding him up. This dude was literally standing on top of the crowd, talkin' on the mic. The place went bananas, 'cause nobody had ever seen anything like that before. I'm still trippin.' Way to rock the house, homie. Make sure y'all grab that album, all right?

## Next Up... "Peace & Love"

That's all that I felt at the **Michael Franti and Spearhead** concert. Next to my boy Damian Marley, these catz put on one of the best reggae shows to hit the town in a while. Of course at most reggae concerts, the aroma of cannabis sativa was present the night of the concert. There were hundreds of people of different races dancing to the music and holdin' up peace signs. The décor of the stage reminded me of a cool island setting with large plants all around. The songs performed were very heartfelt and dealt with real-life issues and current events. The vibe was so positive, and to see that many people of various backgrounds enjoying themselves together was a beautiful thing. Much love to Michael and the band. Thanks for that experience.

## Around the Town

There's always the usual spots downtown that we may check out on a regular basis, and then there are the ones in the cut that we might decide to roll to and see what's good. That was the case a couple weeks ago when me and a few of my business constituents decided to check out **The Boom Boom Room** on SW Barbur Blvd. It was a Friday night, and judging by the parking lot, the club was on and crackin.' When we walked in, it was standing-room-only. The place was jam-packed with people having a good time. Two of the reasons the Boom Boom Room is a very popular spot in the city's adult-entertainment scene is because of the beautiful women as well as the music. To me the musical selection is a very important aspect of every club. That's why in this month's column, my DJ Spotlight shines on **DJ Taiwan**, AKA "From Da Back." This cat has a unique style that is always entertaining. He knows what to play and when to play it. Not only that, the honeys at the club got madd love for him. We was up in there havin' big fun. One of the other things about From Da Back is that he always, and I mean always, has some brand-new ferocious heat that either just came out or some jointz that nobody has really even heard yet. I need you to make me a CD, bro, for real. When y'all go out to the Boom Boom Room, make sure to buy him a shot of Jack Daniels for J.Mack. Big ups, homie. Keep that shit crackin'.

## Honey of the Month

This month's winner goes by the name of **LOVE**. She is a nationally known model and is one of the most voluptuous, bootylicious chicks in the industry. She has enough to keep a brotha warm all winter long. Y'all see what I mean? You can see more of her wonderful pictures on my website at [www.whatzcrackin.com](http://www.whatzcrackin.com) and let me know what you think. Congratulations, "Love," for being the November 2006 Honey of the Month...

## Whatz Crackin' Sponsors

Brian of **503girls.com**. Just log on and let him take you on a virtual journey around the industry...

**Ken Keck** the tattoo cat. Hooking you up with some tight ink, baby. Holla for an appointment at 360.696.9020.

If you would like to advertise with the magazine, be a sponsor, or have an event you would like me to cover, drop me a message at [whatzcrackin.com](http://whatzcrackin.com) and we can make it happen.

Until next month, y'all keep it crackin'.

# ALL THE GAY BEASTS OF THE FIELD

**THE SLURPING SOUND WAS FAMILIAR,** but my ears hadn't prepared me for what mine eyes

were about to see. I had spent nearly every waking minute of the previous six weeks attending to my female pug's nine hungry puppies, alternately bottle-feeding them and making sure that Mama Pug let them hang off her nips long enough to get a hot, nourishing meal.

It was exhausting work—by the time the ninth one was fed, we were right back at the top of the batting order. I had fallen asleep on the couch as the pups cuddled together in a big box on the floor.

The slurping sound roused me from my brief siesta. I immediately figured someone was nursing, but I was startled to look in the box and see Mama Pug was nowhere to be found. Instead, to my incredulous horror, I espied one male puppy feverishly BLOWING another! This is the sort of apparition for which a lifetime of psychological counseling and spiritual training could never prepare you, but I had to believe what my eyes were laser-beaming into my brain. Little "Johnny Boston," one of the smaller pups, was bobbing his head up and down on the micro-mini-cock of "Da Priest" with the diligence of someone who faced a jailhouse beating if they resisted. Da Priest, for his part, languidly lie on his back, legs spread and head lazily pointed toward the side as if enjoying a foot rub.

Since neither one of them seemed remotely interested in stopping their faggy little song-and-dance, I found it my duty as a caregiver to immediately separate them. Alarmed, angry and ashamed, I pondered the implications of this sordid act for which the medical books and wildlife specials had not prepared me: Were two of my puppies homosexuals? And if so, how would this affect their market value?

Homosexuality among animals is as natural as a shiny red apple on a big green apple tree. Despite galaxies of evidence to the contrary, there still exist some mentally deficient Corn Nuts who believe that homosexuality is unnatural, citing as Gospel fact the myth that God's beasts of the field are too macho and law-abiding to ever dabble in same-sex pleasures.

*Au contraire*, my kind, closeted friend. The historical record teems with case accounts of tawdry homo behavior among the lower orders. A massive book called *Biological Exuberance* claims that at least 470 species have been observed committing same-sex acts ranging from fellatio to cunnilingus to handjob to pussy-bumping to "swordfighting" and full anal penetration. Many of these acts result in orgasm for one or—hopefully—both partners.

Female elephants have been observed using their trunks to diddle each other's big rubbery elephant

snatches. Lady monkeys and hedgehogs routinely muff-dive. Male dolphins have been known to fuck each other's blowholes and stimulate one another's naughty bits using "sonic pulses." Lesbian seagulls form girl-only colonies off the California coast while randy West Indian boy manatees engage in all-male orgies.

From the Agile Wallaby to the Bean Weevil, from the Indian Fruit Bat to the Mountain Dusky Salamander, from the Southern Green Stink Bug to the Yellow-Backed Chattering Lorikeet, from the humble Tsetse Fly all the way up to the majestic Sperm Whale, it seems that all of God's

creatures are prone to a little faggin' off. And refreshingly, they do it without any of the annoying self-labeling so peculiar to humans. You might see orangutans blowing each other, but they'd never identify themselves as "queer." They're just blowing each other and having a good time.

Homophobes and troglodytes struggle to dismiss such obviously GAY behavior as either a display of social dominance, a friendly "greeting," or even a case of mistaken identity. But when you consider that orgasms occur, and that mutually affectionate and protective same-sex "relationships" often persist for years among animal couples who have ample access to the opposite sex, it seems plausible that homosexuality might even be an *orientation* among certain furry freaks.

This makes no sense from a Darwinian perspective, since evolution dictates that all sex aims at procreation. But it may make sense in that homosexuality lessens sexual competition and may even facilitate social order. Consider the fact that "gay" animal couples have been observed hatching others' eggs and raising the young'uns, often with more success than "straight" couples. And never underestimate the social-bonding value of a good BJ.

*Well, just because it's natural doesn't make it right*, say the critics. *After all, animals have been known to eat their young. Incest, gang rape, and pedophilic acts are also common among those pesky varmints.*

What is unnatural, you ask me? Nothing. What's wrong with any of it? I can't say.

But beyond all the animal gay-play, and even out past where the murderous baby-eating incestuous Prairie Dogs roam, there's another practice that exists both in the human realm and the animal kingdom: Lifelong committed heterosexual relationships. The only difference? It occurs with LESS FREQUENCY than nearly all of the sick acts listed above.

HOMOSEXUALITY IN THE ANIMAL KINGDOM

*(Editor's Note: since we decided to do something a little different with our Seattle edition this month and give it a porn makeover like our Portland publication, I thought, why the hell not, let's do a porn review. Believe it or not, I have not actually bought a porn DVD...EVER. Yeah, I've got some old VHS tapes that they used to send us to preview at Exotic, but blowing 40 bucks on a DVD? Nope, not me. So I'm wandering around in the porn store and somehow managed to see about three people I knew there. After explaining to them that I was looking for inspiration for the new issue (they didn't believe me), I stumbled across Kimberly Kane's directorial debut, Naked and Famous. Quick little rewind: I met "Kimberly" years ago when she was sweet sixteen and a girlfriend brought her home from Vegas and asked if she could stay at my place for a while. So I ended up with an adopted daughter of a sort that shadowed me for about THREE months. Ironic that this young lady, who couldn't stand the lifestyle of the exotic dancer and swore she would never be one, not only eventually did, but advanced into porn stardom and eventually directing feature porn. Now, since this is my pseudo "daughter" so to speak, it kind of weirded me out doing the review myself, so take it away, BlackDove!)*

**LIKE MOST PEOPLE,** I can usually only get about ten minutes into any porn, even the classic bush-laden smut of the 70's, before I have to turn it off and take care of business. Unfortunately, I got through the entire hour and ten minutes of *Naked and Famous* without even having to hit pause. It is a slightly different take on the classic concept of porn: No plots, no settings—just couches and floors and sex, spliced together across different scenarios. Each "scene" is a 10-20 minute stint of different people having sex in threesomes, lesbian encounters, double penetrations, etc. There's even a scene with a horse, though sadly he doesn't get any of the action.

# NAKED & FAMOUS

BY BLACKDOVE

Granted, it starts with a bang. They don't waste any time with cheesy 70's bass lines, no gardener-meets-housewife plots. The opening scene starts mid-thrust, with a cute brunette being savagely pleased by a giant black man. They were even so kind as to offer the pair an on-film "fluffer," though she and the brunette both appear bored and are quite obviously just "going through the motions."

The next scene starts out promising enough, with a Bettie Page lookalike tied up and writhing. A female

**KIMBERLY KANE**

"dom" shows up with a cane, and as "Bettie" is struck with the cane, she lurches her body forward in supposed ecstasy. The giveaway is when she does it before the cane even hits her.

There were a couple of scenes that were quite artistic. One featured a hollow-eyed blonde girl obviously in some sort of insane asylum. It was like a Marilyn Manson video where you actually get to see titties. This girl, with her Marla Singer mascara smears, ends up in an abandoned house, very reminiscent of *Blair Witch Project*, where she dances around in a torn-up tutu, waiting on an old white wrought-iron bed for her lover.

Another scene that showed promise, and somewhat came through, was "Piston Sisters," where the Bettie Page lookalike comes equipped with two thigh strap-ons. At first she just gyrates on the couch by her hot little self, but she is soon joined by the hottest girl in the lineup, Dani Woodward. These two are finally joined by another girl, a British blonde, and the threesome is complete.

The most memorable scene in this porn was "Fortune and Glory," AKA the Glory Hole Room. Two girls are left in a ten-by-ten room plastered with old porn magazine cutouts. It starts off innocently enough, with just one cock sliding through a hole in the wall. One of the girls latches on immediately, and soon two more cocks make their way into the room.

Now there are three cocks and two girls, and while I couldn't help but say, "There need to be more cocks," the girls did pretty well to make sure all were satisfied. At one point, one of the girls was ramming the other girl's head down on one of the cocks, and I was secretly hoping she would slam her head into the wall. Nothing like a good concussion to complete a blow job.

All in all, *Naked and Famous* left me just a little lost. Yes, it was modern, yes it was artsy, and the women were hot enough. The soundtrack is pretty decent, though the songs themselves are placed in odd situations (such as in "Babyland," where two fetish girls are going at it to techno hip-hop). The only problem was, not once during the entire porn did I see or hear the signs of a woman cumming. Apparently, I wasn't the only one who was left feeling unsatisfied.
